## Department of Insurance, Financial Institutions and Professional Registration Overview

The department protects consumers through oversight of the insurance industry, financial institutions and licensed professionals.

The department organizational structure includes the director's office and seven divisions.

**Director's Office:** Charged with overseeing operations of the department. The director's office handles regulatory transactions, provides legal assistance to other divisions in the department and coordinates dissemination of department information to the public.

**Administration Division:** Responsible for department-wide administrative support functions including accounting, human resources, budget and information systems. The division is responsible for the licensing of insurance producers operating within the state as well as public adjusters, bail bondsmen, surety recovery agents, surplus lines brokers, portable electronics insurance providers, and navigators. The division reviews and approves applications, contracts and policies for motor vehicle extended service contract providers, service contract providers, rating organizations, advisory organizations, purchasing groups, life care providers and vehicle protection product warrantors. Also, the division reviews various annual tax filings generating over \$271 million in premium taxes as well as oversees the CLAIM program, which provides free counseling for Missouri consumers with Medicare and their caregivers.

**Consumer Affairs Division:** Accepts complaints from Missouri consumers against insurance companies, insurance producers and other licensees. The division investigates complaints to ensure consumers are being treated fairly and within the Missouri insurance laws. The division acts as a liaison between the consumer and the insurance company and successfully recovered over \$10.8 million in 2015 for Missouri consumers. The division reaches and educates approximately 36,000 Missouri consumers each year through its website, statewide toll-free hotline and numerous outreach events throughout the state.

**Insurance Market Regulation Division:** Annually reviews approximately 10,300 policy forms, rates, and other pertinent material filed by insurance companies each year to ensure those products' compliance with state statutes and regulations. Performs market conduct examinations of insurance companies to ensure equitable treatment of policyholders and determine compliance with the statutes and regulations of the state in the company's operations. The division's statistics section actively monitors the insurance marketplace through the collection and compilation of industry financial and claim data.

**Insurance Company Regulation Division:** Responsible for monitoring and analyzing the financial solvency of insurance companies licensed in the state. The division performs financial examinations of insurance companies to prevent insolvencies and to take the appropriate action against financially unsound or incompetently managed companies. The division also licenses and regulates captive insurance companies and authorized reinsurance companies as well as various insurance related entities such as Third Party Administrators, Managing General Agents and reinsurance intermediaries and brokers. In addition the Division ensures surplus lines brokers are using eligible surplus lines carriers and reviews the premium tax filings made by surplus lines brokers generating nearly \$29 million in surplus line tax annually.

**Division of Credit Unions:** Responsible for the examination, supervision, chartering, merger and liquidation of Missouri's 111 state-chartered credit unions. The division also responds to consumer complaints against credit union services or operations. Missouri credit unions have approximately 1.3 million member and assets exceeding \$11 billion. Missouri ranks eighth in the nation in the number of state-chartered credit unions.

**Division of Finance:** Responsible for the incorporation and regulation of Missouri's 261 state-chartered banks, 5 non-deposit trust companies, and 5 savings and loan associations. The division also licenses and regulates consumer credit companies, credit services organizations, money order companies, mortgage broker companies and mortgage loan originators. Primary objectives include ensuring the safety and soundness of these institutions and the monitoring of compliance with laws and regulations, thereby safeguarding the funds of depositors and maintaining public confidence in Missouri's financial system. Missouri ranks fifth in the nation in the number of state-chartered banks.

**Division of Professional Registration:** Responsible for supporting 40 professional licensing boards and commissions in licensing and regulating the activities of over 455,000 Missourians representing approximately 240 different trades and professions. The boards and commissions process applications, administer examinations and, when warranted, conduct investigations into possible professional misconduct and may take disciplinary action against the practitioner.

**NEW DECISION ITEM**

RANK: 5 OF 8

Department of Insurance, Financial Institutions and Professional Registration	Budget Unit	37501C / 37510C
Insurance Company Regulation Division		
Implement HB 50	DI# 1375001	House Bill 7.420 / 7.425

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

House Bill 50 (HB 50) which became law August 28, 2015 incorporates the NAIC revisions to the Model Insurance Holding Company System Regulatory Act and Regulation. The revisions are required to maintain Missouri's law in accordance with the Model Holding Company Act which is a standard that must be met by January 1, 2016 for Missouri to maintain its accreditation status. This legislation also added the ORSA Model Law to the legislation which is an accreditation standard as of January 1, 2018.

The Division of Insurance Company Regulation will have the primary responsibility for implementing the provisions of this legislation. Based on the additional tasks required for the department to maintain accreditation, three additional Insurance Financial Examiner III FTEs will be necessary. The holding company provisions increase the amount of work necessary to review the annual enterprise risk reports, and to coordinate, attend, and monitor supervisory colleges and the information generated for and from those colleges. The change in the law requires more extensive analysis by the insurance department and interaction with international regulators through participation and hosting of supervisory colleges. The additional FTEs will allow the department to complete the in-depth review and work with the supervisory colleges. The ORSA filing will be complex and will require additional risk management expertise, analysis, examination and actuarial hours as well to adequately review the report and to properly evaluate the sufficiency of the filing and the related solvency risks. The additional FTEs will allow the department to obtain risk management expertise and allocate workflow to ensure completion of these additional tasks within the 60 day required accreditation timeframe.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Missouri is the lead state for 29 active holding companies that contain 54 domestic insurers. The department will be responsible for conducting analysis not only on an entity level but will be responsible for coordinating review of the entire holding company system. Missouri also regulates 37 insurers that are part of holding companies and Missouri will be responsible for participating and providing information to other states regarding Enterprise Risk Management and holding company review. Missouri is the lead international regulator of two international holding companies and the lead US regulator for three other international holding companies. Additional review work and responsibilities will be required to host and attend supervisory colleges with international regulators. It is anticipated that 7 domestic insurance groups will have to file an ORSA directly with Missouri and 22 additional insurance groups will have to file with a lead state and be reviewed by Missouri. Approximately eighty percent of these costs will be charged to the Insurance Dedicated Fund (0566) and twenty percent will be charged to the Insurance Examiners Fund (0552). This request matches the department's TAFP fiscal note.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

This funding is needed to implement the provisions of House Bill 709 (HB 709) which became law August 28, 2015. As relevant to this decision item, HB 709 creates two new sections, 374.015 and 374.018, that authorize the Director of the Department of Insurance, Financial Institutions and Professional Registration to issue bulletins and no action letters. These additional items will require both technical insurance knowledge and legal research to complete.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

One Attorney and one Paralegal position are being requested for these additional responsibilities based on estimated volume. The two FTE will prepare draft bulletins and letters, conduct research, collaborate internally with technical insurance experts and consult with other state insurance regulators to produce the department's documents. This request matches the department's TAFP fiscal note.

## 2. CORE DESCRIPTION

The Insurance Examiners Fund serves as a revolving fund to collect fees assessed and to pay expenses of insurance company examinations. The department conducts both financial and market conduct examinations. Financial examinations ensure insurance companies have sufficient reserves to pay consumer claims and consumers have access to affordable insurance coverage. Market conduct examinations of insurance companies serve to verify that policyholders and beneficiaries receive the full benefits from the contracts they and the insurer have agreed to. Since many of the insurance companies examined have physical locations outside of the state, department examiners must go to these locations to examine company records. The expenses of these examinations are billed to the companies examined. The costs assessed to the companies for examinations can be taken as credits against the company's premium tax payment to the state of Missouri.

**2. CORE DESCRIPTION**

The Division of Credit Unions is the regulatory agency responsible for the examination, supervision, chartering, merger and liquidation of all state-chartered credit unions. The division also responds to consumer requests or complaints about credit union services or operations. The division is an accredited agency through the National Association of State Credit Union Supervisors (NASCUS), and all member deposits are insured by the National Credit Union Share Insurance Fund, administered by the National Credit Union Administration. The division is statutorily required to conduct examinations at least once every 18 months. Examinations are conducted to ensure the safety and soundness of credit unions and to ensure compliance with applicable rules, regulations and statutes. The division proactively performs off-site monitoring on an ongoing basis to assist in identifying increasing risk. Credit unions incurring problems, whether financial, operational or in compliance areas, receive increased attention which may come in the form of enforcement actions. The Division of Credit Unions currently regulates 111 credit unions with assets exceeding \$ 11 billion. Missouri is ranked eighth in the nation in the number of state-chartered credit unions. There are approximately 1.3 million members of Missouri credit unions.

The Division of Credit Unions is requesting additional E&E appropriation authority to address increased costs required to maintain agency accreditation and related annual membership fees, and examiner compliance training. The division will use revenues deposited into the Division of Credit Unions Fund (0548). The division was one of the first state agencies to attain accreditation by the National Association of State Credit Union Supervisors (NASCUS) in 1990. Accreditation ensures the division's credit union examinations meet industry quality standards and adhere to national standards of regulatory practices, including peer review and annual monitoring. Accreditation ensures the division meets the highest levels of regulatory proficiency. To maintain accreditation, the division must pay an annual membership fee to NASCUS. Recent revisions to the methodology used by NASCUS to determine the amount of annual membership fees have resulted in increased fees since the fee is now based on the assets of Missouri's credit unions without limitation. Although the annual amount has increased, the increase reflects positively upon the growth of Missouri's credit union assets. NASCUS is the only national organization to partner with state-chartered credit union regulatory agencies to promote the safety and soundness of state-chartered credit unions, providing education and training opportunities, regulatory resources, and accreditation of the division. Nationwide, all state agencies that regulate state-chartered credit unions are members of NASCUS. Compliance training will provide the continuing education necessary to ensure examiners receive education related to federal laws and regulations related to credit union safety and soundness.

## 2. CORE DESCRIPTION

The Division of Finance is responsible for the regulation of state-chartered financial institutions in Missouri to ensure a sound banking system and protect depositor's funds. The health and vitality of Missouri's banking industry is critical to the state's economic well-being. Bank failures have a negative impact on a state's economy and threaten the public's confidence in the banking system. It is important that Missouri citizens have confidence that the money deposited in the state's financial institutions is safe. The Division of Finance helps to ensure the safety and soundness of Missouri's financial institutions through the chartering and regulation of state chartered banks, trust companies, and savings and loan associations. The division also licenses and regulates consumer credit companies, credit service organizations, money order companies, residential mortgage brokers, and loan originators. Statutes require that each state bank, trust company, and savings and loan association be examined for safety and soundness at least every 18 months. Consumer credit companies as well as banks are examined periodically for compliance with statutes and regulations governing finance charges, credit insurance fees, etc. The Conference of State Bank Supervisors (CSBS) dues are paid from this core. The CSBS is the only national organization that provides a forum for all 50 states and their commissioners to advocate for the dual banking system and preservation of the state bank charter. CSBS also provides a wide array of professional development and training courses for regulators and conducts a comprehensive Accreditation Program in order to maintain quality standards and best practices within each state banking department.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Division of Finance is requesting an increase in Personal Service appropriation to fund future examiner career advancements. Section 361.170 RSMo requires the director of finance to maintain an equitable salary schedule for all Division employees. Such schedule shall allow for a comparison of state examiner positions with similar examiner positions at federal bank regulatory agencies. While the statute allows division employees to be compensated at 90% of our federal counterparts, senior examiners and district supervisors are compensated at approximately 60% of our federal counterparts. The division's current personal service appropriation will cover the costs of anticipated advancements in FY2016; however, payroll projections indicate the division's personal service appropriation will not adequately fund advancements for FY2017.

Payroll projections were completed for FY2017 assuming that all employees remained employed with the division and moved up the examiner career ladder on target. The division's current personal service appropriation will cover the costs of advancements in FY2016; however, payroll projections indicate the division's personal service appropriation is \$230,249 less than what is needed to fund the career ladder advancements during FY2017.
